

Modernist 3-bedroom apartment for rent in Eixample Barcelona

The city of Barcelona is known worldwide for various things and one of them is the modernist style of the 19th century. It is needless to say that every corner of the Catalan capital has been thankfully influenced by the movement and this modernist 3-bedroom apartment for rent in Eixample Barcelona we are proposing you is a good example.

The interior architecture of the property is proper to the neighbourhood's style and while it has been refurbished, its original aspect has been maintained. One of the most striking features is the authentic Catalan hydraulic tiles that cover the floors of several rooms. The wooden frames and elements of the doors and windows help maintain this classic touch that is so valued by interior design connoisseurs.

For a more comfortable lifestyle more modern elements have been added. Both bathrooms have been decorated with an exquisite style and new items have been installed. In the same fashion as the latter, the kitchen is fully equipped with fine household appliances.

The property proposes an adequate environment for a family due to its large space. As it comes unfurnished, the new occupants will have the complete freedom to turn it into their dream dwelling.

As regards the area, the apartment is located in the very centre of Barcelona in a parallel lively street of Paseo de Gracia. It is neighbour with Gaudi's masterpieces Casa Batlló and La Pedrera and the entrance of the district of Gracia is at few meters away. This best way to soak the atmosphere of the city will be by savouring the succulent Spanish in the numerous restaurants and to share a drink in some of the most stylish bars. Exploring the rest of the city and its surroundings will be an easy task as the transport network with trains, buses and metros runs all around.
