

2-bedroom apartment for sale in La Rambla Barcelona

Living right in the centre of the Barcelona is a chance that many would like to have and few can get. When you think of the Catalan capital La Rambla is one of the first names that pops into your head. This vibrant pedestrian street connecting Plaza Catalunya with the Harbour has a unique charm that has understandably made it one of the main tourists' must-sees.

At ChicRoom Properties we respond to our clients' demands by offering dwellings such as this 2-bedroom apartment for sale in La Rambla, Barcelona. Recently renovated by an architecture studio, the property is the combination of two apartments into one massive space. Refined modern elements complement the elegance of the original features such as the exposed wooden beams on the ceiling, the brick walls and the wooden windows.

The 158-m² can be divided into two parts. The first one, with views on La Rambla, is the main communal living area with a 24-m² living room and a 19-m² kitchen. The latter comes fully equipped with brand-new high-end appliances, various storage cabinets and cooking surfaces.

Walking through the corridor that leads to the other side, you will find the two double bedrooms. Both are vast rooms connected to a small balcony and that enjoy tranquillity thanks to its view over the interior patio. Also, the privacy is maintained thanks to thick sliding wooden door.

The master bedroom is probably the most comfortable one as it has an ensuite bathroom with bidet, WC, bathtub and sink. To access it you will need to go through a wide dressing room that can store a significant amount of belongings.

For more convenience, there is another similar bathroom across the corridor.
